

TWINNING AGREEMENT

The following twinning agreement has been concluded between the Municipality of Hylte in Sweden and the Municipality of Lihula in Estonia.

The purpose of the twinning link is :

- to promote friendship and understanding between the two municipalities.
- to stimulate the exchange of knowledge and experience in the field of local government.
- to strengthen contacts between the citizens of Hylte and Lihula.
- to give the citizens of the municipalities the opportunity to exchange knowledge and experience in different areas.
- to promote sustainable development

Exchanges may be made between, for example, local government committees/departments, individual citizens, school classes and local associations and organisations.

Such exchanges will cover especially areas such as education, culture, environment, economic development and tourism and may also include participants from the Polish Municipality of Piecki.

This agreement shall enter into force after the approval by the councils or equivalent bodies of each municipality.
